## **New Patient Medical Information Questionnaire**

This questionnaire is designed to help the medical staff of **Pediatric Heart Specialists** learn about you/your child's medical, social and developmental history. Health history is extremely important to us. **Please take the time to completely and fully answer the following questions** so we can be of better help to you/your child. Your answers are considered confidential. If any questions arise in filling out any portion of this questionnaire, please leave those spaces blank until you speak with the doctor.
